Date	12th February 2018
Agenda Item	13

Open Day/Evening for Queens Hall

Now that Queens Hall is refurbished, and will shortly also have its demountable stage, data projector and acoustic panels, it would be a good time to consider an Open day/evening to show more of the community the facilities available for hire. A certain amount of marketing is needed to encourage people to consider Queens Hall for their event or club meeting.

Recommendation: that HTC decides on the format of and date for its Open Day/Evening.
