Agenda Item	7f

To consider purchasing spotlights for Queens Hall

The caretaker at Queens Hall has recently received requests from hirers for spotlights at the top of the hall where the modular stage is set up for some events. Stage performers and organisations such as the flower club would like to have them, and it would definitely enhance our offering to hirers. The cost of this as quoted by our regular electrician would be £343 + VAT, and could be taken from the Queens Hall/offices general maintenance budget.

Recommendation: that Council approves the expenditure of £343 within the current tax year.

Sarah Greator
Town Clerk
