Date	18 May 2020
Agenda Item	7d

To approve repairs to St Andrews church wall

As most councillors will be aware, an unknown vehicle dislodged part of the wall round St Andrews churchyard on Colchester road at the end of April. The driver did not stop, but some red paint was left on the wall. It is suspected that it was a trailer behind a lorry which swung into the wall.

Fortunately, the damage to the wall has not moved the foundations, and 3 quotes have been obtained for the work to be done:

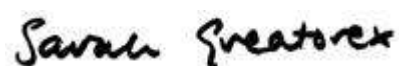

Quote A: £575 (no VAT to be added)

Quote B: £655 (excl. £131 VAT to be added) This contractor said that he would source appropriate curved bricks for the top course

Quote C: £1486 (excl VAT)

To be funded from the £1,200 general maintenance budget for environment (nominal code 6101)

Recommendation: that HTC approves Quote B at £655 (exc VAT).

Sarah Greateorex

Town Clerk
