

<b>Committee</b>	<b>FINANCE COMMITTEE</b>
<b>Date</b>	11 January 2021
<b>Agenda Item</b>	<b>7f</b>

**To approve expenditure on equipment for the Rivercare group**

**There has been a request from the Rivercare group for the following**

- up to £1000 to provide a metal storage facility for the river care group, probably to be stored behind the Empire Theatre
- up to £500 for a fixed wall ladder to allow access to the river for care/cleaning

During Budget seminar discussions, it was suggested that HTC spend £1500 to be taken from Capital reserves, to buy this equipment, which will form part of the assets of HTC. These can be used by the Rivercare when looking after the river in Halstead.

**Recommendation** : that councillors approve the expenditure of £1500 from Capital Reserves on River care equipment in the new financial year.

Sarah Greator Town Clerk
