To approve expenditure on a replacement roof at the Empire Theatre

The Empire roof has over the past few years required frequent patching up. There have been numerous cases where slates have slipped, and water has started to come into the building and cause damage.

It is proposed in the budget that this be remedied as soon as possible through replacement of the whole roof.

3 quotes have been received:

Quote A: £25,764 + VAT

Quote B: £24,235 + VAT

Quote C : £30,150 + VAT

Recommendation : that councillors select the best quote, and approve the expenditure in the new financial year.
