

Committee	COUNCIL MEETING
Date	12 April 2021
Agenda Item	7d

To consider purchasing a mower for churchyards, allotments and footpaths

Due to the amount of grass to be cut by both groundsmen, each has their own mower, as quite often both would need to be cutting at the same time. Tim's mower, which we have had for around 5 years, would not function properly recently. The mower engineer has looked at it but says that it is completely worn it. This needs therefore to be replaced urgently so that Tim can do his job.

Tim and Jason have done some research and the best machine to do the job is described in confidential report 7e(a)

This would need to be purchased out of capital. This was unplanned expenditure.

Recommendation: that HTC purchase the recommended mower for use on churchyards, allotments and footpaths.

Sarah Smeaton

Town Clerk
