

This statement has been reviewed, and is thought still to be fit for purpose, apart from the change of name of our IT company.

Halstead Town Council

Accessibility statement for the website of Halstead Town Council

This website is run by Halstead Town Council with the IT expertise of **Onsite IT**. It has recently been redeveloped as a completely new website, in order to make it more accessible to those with disabilities. We want as many people as possible to be able to use this website. For example, that means you should be able to:

- Change colours, contrast levels and fonts
- Zoom in up to 300% without the text spilling off the screen
- Navigate most of the website using just a keyboard
- Navigate most of the website using speech recognition software
- Listen to most of the website using a screen reader(including the most recent versions of JAWS, NVDA and VoiceOver)

We have also made the website text as simple as possible to understand. AbilityNet (<https://mcmw.abilitynet.org.uk>) has advice on making your device easier to use if you have a disability.

How accessible this website is

- Older pdf documents in our archive (before autumn 2019) may not be fully accessible to screenreader software
- If you have difficulty accessing anything on our website and would like us to provide it in a different format, such as accessible PDF, large print, easy read, audio recording or braille, please contact Halstead Town Council: townclerk@halsteadtowncouncil.org.uk or 01787 476480
We will consider your request and get back to you within 7 days.
- If you find other difficulties with our website which we have not mentioned, please do let us know through the contact details above.

Technical information about this website's accessibility

Halstead Town Council is committed to making its website accessible, in accordance with the Public Sector Bodies (Website and Mobile Applications) (No.2) Accessibility Regulations 2018.

This website is fully compliant with the Web Content Accessibility Guidelines version 2.1

This website was last tested on 31 March 2020. This test was carried out by **Onsite IT**. You can read the full accessibility test report ([link to report](#))
