

Committee	Full Council
Date	13 March 2023
Agenda Item	7e

To consider installing a panic alarm at the HTC offices

The provider of our alarm at the offices has stated that he can install a panic alarm connected to the alarm monitoring office. The monitoring office would inform the police if there was any danger. This would be at a cost of £350 + VAT and would be fixed at a central position in the office, accessible to all.

Recommendation : that HTC buys a panic alarm for the office.

Sarah Greateorex Town Clerk
