

Committee	FULL COUNCIL
Date	18 September 2023
Agenda Item	7e

To consider the costs of installing a hearing loop in Queens Hall

Following requests from several councillors a hearing loop was bought for the hall. Our electrician has now looked into the installation, and has found that various attachments are needed to install it. Since many members of the council and councillors would benefit from this, it is suggested that this should be bought out of the unallocated surplus from the previous year.

Recommendation: that HTC buys the appropriate fixtures to get the hearing loop up and running, using the unallocated surplus, at a cost of £963 +VAT.

Sarah Greateorex Town Clerk
