Agenda Item	7d

To consider remarking parking bays in Hedingham Road carpark

There are 16 parking bays in Hedingham Road car park, which are for the use of permit holders only. It is not a large carpark and it is therefore important that vehicles are parked within bay, to allow all those who have a permit to park. The markings are becoming indistinct and it is therefore recommended that they are reinstated.

Quotes have been sought for this work to be done

Quote 1 : £750 + VAT

Quote 2: £925 + VAT

Quote 3: £785 + VAT

This sum can be easily covered form the Earmarked reserves for major carpark maintenance.

Recommendation: that HTC chooses Quote 1, in particular because this firm has been used in the past, and did a satisfactory job.

Sarah Greator **Town Clerk**
