### **Update on Safer Streets Project**

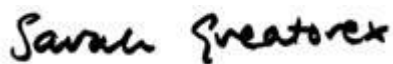

Our Street Warden, Matthew, is already very much aware of activity and trouble spots in the town. Although he will focus on the area stretching from Ramsey school down the High Street and into the Public Gardens, he also visits other nearby areas, and reports back on what he sees...

In March, the CCTV in Butler Road carpark has been upgraded to a higher specification, and the new CCTV in Rosemary Lane installed to the same specification. We are still waiting for Eastlight to confirm the use of their building for the equipment to operate the 6 cameras in Chapel Street carpark.

The project has now agreed to the installation of CCTV also outside the public toilets and in the Causeway. HTC has agreed to pay the extra that will be needed to cover this, but there may also be funding available from the project.

A grant agreement has been signed, and the first instalment of the grant has now been paid.

**Recommendation:** that HTC notes the report.

Sarah Greateorex **Town Clerk**
