

Committee	Full Council
Date	17 June 2024
Agenda Item	12

To consider the Clerk attending the SLCC National Conference 8 and 9 October 2024

Attendance at training events and the National conference are useful, not only for the formal presentations given by experts, but also even more importantly for the opportunity they offer to network with other clerks, and to make appointments with experts in different aspects of a Clerk's work. The Clerk last attended in 2021 and would very much like to attend in 2024.

The cost of the conference including a one-night stay is £485+VAT and an advance train ticket will cost £162. Taking into account training already booked, the training would be covered by the training budget. The travel expenses budget would easily cover the cost of travel. There is unlikely to be much further expenditure on training in this financial year.

Recommendation: that HTC agrees to the Clerk attending the SLCC National conference

Sarah Greateorex Town Clerk
