Agenda Item	17

To consider the LCWIP for Halstead

Lee Crabbe agreed to draw up a Local Cycling and Walking Implementation Plan for Halstead to submit for inclusion in the Essex County Councils Essex wide project to draft a LCWIP for the rest of Essex. (note Braintree & Witham already had LCWIPs drawn up)

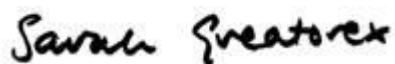

The document had to be submitted by the 10th Jan. Due to this deadline, Lee was unable to get sign off by Halstead Town Council & the Greenway Group but rather than miss the deadline he decided to submit his work. However, he did stress to the ECC team that this document was not approved and was merely for consideration by the ECC team.

He has subsequently presented the draft Halstead LCWIP to a meeting of the Greenways Group who approved the document subject to a number of amendments.

He is now submitting the document (Item 17a) for consideration by the Town Council.

He will be more than happy to answer any questions and be advised of any amendments alterations to routes, and he will then send a revised version to the ECC team.

Recommendation; that HTC approves the LCWIP, subject to any amendments it feels are appropriate.

Sarah Greateorex Town Clerk
