### **To consider renewal of Buildings, content, public liability and vehicle insurance**

HTC currently has a 3-year insurance policy, which comes to an end on 31 March 2025, and it is planned to take on another 3-year deal. This usually ensures a slightly lower premium, and avoids the task of getting quotes every year. This process has been going on since October 2024, and the 4 large insurers who insure most councils have been approached. One stated that they would not be able to give a competitive quote, and another is still working on the figures for the motor policy. Every effort has been made to obtain as many quotes as possible.

Quote 1 : £6114.34 (buildings, content and public liability)

£1185.78 (motor policy)

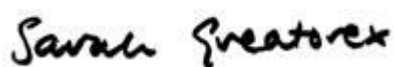

Quote 2: £8748.15 ((buildings, content and public liability)

£939.04 (motor policy)

Quote 3:12,290.09 (buildings, content and public liability)

Motor policy still awaited

**Recommendation** : that HTC chooses quote 1, in order to remain insured from 1 April 2025

Sarah Greator **Town Clerk**
