Halstead Town Council Grant: Financial Year 2024/2025 Report to Halstead Town Council Annual Meeting 7th April 2025

In 2024 the Society once again received a grant, for which we were very grateful. These monies were put towards the purchase of two custom built computers for use in the Heritage Museum.

We have a strong and supportive membership, which I think is illustrated by the fact that not only do we have around 150 members, but also that approximately half of them come to the AGM each year!

I would like to take this opportunity to thank the Councillors for their continued support for the Society, and in allowing us the space for the Museum and store.

I also wish to thank the staff at the Queen's Hall for the day to day assistance we receive.
