To consider buying a new chainsaw for Courtaulds

Chainsaws are used on a daily basis at Courtaulds and in churchyards to maintain the grounds. They last approximately 3 years before wearing out. The groundsmen have requested a new one.

The preferred model is this Stihl MS 261C-M with a 18" bar. This can be provided by our regular supplier at a reduced price of **£741.67 + VAT**, and funds are budgeted for this.

Recommendation : that HTC buys a new Stihl chainsaw at the price of £741.67 + VAT using budgeted funds.
