

	Full Council
Date	14 September 2026
Agenda Item	12

To consider the Chairman's statement

Over the past few years a practice has been established for the Chairman to deliver a statement on what has happened over the previous month at the beginning of each Full Council meeting. This is a way of keeping informed those who are not able to follow Council business day to day.

This is a legal addition to the Agenda, but as this has been questioned recently, Council would like to check the views of councillors.

Recommendation : that Council agrees that the Chairman can deliver a Chairman's statement at each meeting

Sarah Greateorex Town Clerk
